TELLS SOLONS 'THERE'S  
A TIME OF RECKONING'Editor,  
Shreveport Journal.

I am sending the following letter to every member of the Senate. We have another Thaddeus Stephens in Senator Dirksen.

ELENA PERCY,

EDITOR'S NOTE—Elena Percy's letter to U.S. Senators follows:

Hon. Everett M. Dirksen  
Senate Office Bldg.  
Washington, D.C.

Dear Senator Dirksen:

There is always a time for reckoning—even for the Judas-Goat — the clever, conniving, scheming, and in the days of yore you would be called a TRAITOR, a traitor to America and the American people.

America today is faced with the most dangerous and deadly conspiracy in all of her history. Since 1945, the birth of the United Nations, the Communists have averaged enslaving 10,000 more human beings — just like you and me—every hour, 24 hours of every day, 365 days out of every year and through the help of such things as the reported \$24 million paid by the CIA for the overthrow and murder of Diem and Nhu in Viet Nam.

Again when the CIA transmitted information to our State Department bringing strong pressure to bear on the German government to cancel permission to refuel the planes Spain agreed to send Hungary along with necessary weapons she most desperately needed plus the backing from our State Department in a cablegram to the German government of the

U.S. does not look with favor upon governments unfriendly to the Soviet Union on the borders of the Soviet Union," enabled Russia, during the Hungarian Revolt, to march in and massacre the Hungarians. Now it has been confirmed by Dr. Harold Brown, director of Defense Research and Engineering and admitted to a House Defense Appropriations Subcommittee, March 11, that we are engaging in "unilateral" or one-sided disarmament in weaponry. You voted in favor of the Disarmament Agency.

It is long past due to clean out our own back yard beginning with the two party leaders: Everett Dirksen and Charlie Halleck who have done everything in their power to promote the Administration's policies. You voted for the Trade Expansion Act which is geared to strangle this country economically, the free enterprise system and the free people. You voted for Foreign Aid when this country is now bankrupt. Welfare doubled from 11 billion in 1947 to over \$25 billion in 1963. Kennedy's proposed \$99 billion bankrupt budget was \$700 million more than the total budget at the height of World War II. The interest alone on our national debt is \$19,000 per minute, every minute of the day—around the clock.

If the national government were forced to sell their enterprises back to private enterprises the national debt could be paid. Who is it that tells of

how the people are not capable of self government? In 1916

our national debt was \$2 million. These people in our government cower to our Communist leaders such as Castro who occupies a small island where dangerous missile bases now prevail and just 90 miles from our shore. We sit and say nothing, do nothing while our boys are shot down, captured, killed and rotting in their graves.

We are losing face and gaining disrespect with all free people throughout the world while you continue in the most underhanded, unscrupulous, unfair and dirty methods such as not permitting the Senate Republican Policy Committee to furnish the opposition with the needed research material on the Test Ban Treaty and for the Civil Rights Bill to be forced out of Committee the way it was is the most contemptible action ever to take place in our Congress. How hypocritical can one get to be?

The American people are sick and tired of this centralized government, a fraud, a cheat, a conspiracy to take America away from the American people. There is a huge, uninformed, but basically patriotic people in this country who are led by these crooks and hypocrites who are protected by the mass news media which serves as a huge barrier the light of the truth. There will be the biggest political revolution in the history of this nation between now and November. Yes, there is a day of reckoning.
